

Six Meter Club of Chicago

HALO

www.k9ona.com

May 2021

COMING EVENTS

May Six Meter Club In Person Meeting has been **CANCELLED!** (*SEE BELOW*)

NOTE: Many upcoming hamfests and other public events have been cancelled or rescheduled. Check the ARRL website, www.ARRL.org, for the latest updates on ham related gatherings.

SMCC HOLDING VIRTUAL MEETINGS

Saint John's Lutheran Church, where we normally meet, has been effectively closed down, so we will not be able to hold in-person meetings until the virus situation has been resolved.

Meanwhile, **we have been holding on-the-air meetings via our K9ONA repeater system for about half an hour. Our next meeting is Friday, April 9 at 7:30 p.m.**, which is our regular meeting date and time. This provides us with an opportunity to still have an informal gathering as well as conducting necessary Club business, so we encourage our membership to participate!

Members who are not able to access the repeater can still participate using the Echolink system. Please forward your suggestions to Jim, WA9FIH at WA9FIH@aol.com. Thanks!

DUES FOR 2021 NOW PAYABLE

Dues for 2021 are now payable – \$20, except second family members, students under the age of 18 and seniors age 65-89, \$12. Members for at least 5 years who are age 90+ are exempt from payment. You may send your check payable to “Six Meter Club of Chicago” to our Treasurer, Kris Lawrentz, KC9TJL, 10995 Basswood Drive, New Buffalo MI 49117. Thanks for your continued support of the Club!

ARRL FIELD DAY RULES FOR 2021

Our next major operating activity will be Field Day, which is scheduled for the weekend of June 26-27. Once again this year the ARRL has modified rules for Field Day, similar to those applied last year due to the COVID-19 pandemic situation, with an addition of some power limits for Class D and Class E home station operation.

As in 2020, Class D stations, operating from home with regular AC power, may contact all other Field Day stations, including other Class D stations, but Class D and Class E stations will be limited to 150 Watts PEP output power. Class D stations may operate using conventional AC power from their utility; Class E operate from home as well but use only emergency power sources, including generators, batteries, solar power, etc. ARRL will publish an aggregate club score for all entrants submitting their log data, just as they did last year.

SIX METER ROUNDTABLE EACH TUESDAY AT 8 P.M.

Our Six Meter Roundtable Activity Net meets on 50.130 MHz USB Tuesday evenings at 8 p.m., usually for about a half hour. Help keep the band active and join in the ragchew – tell your friends about it too – everyone is welcome!

DIGITAL SLOW SCAN TV NET THURSDAY EVENINGS

Our Digital Slow Scan TV Net meets every Thursday evening for about an hour, beginning at 7:00 p.m., on our two meter repeater.

We use EasyPal software which can be downloaded free from the Internet. A Tigertronics Signal Link USB or similar interface connects your PC and transceiver.

K9LH SEEKS SUPPORT FOR SEVERE WEATHER NET

Paul Mielnicki, K9LH is a trained severe weather spotter, and has expressed an interest in establishing a weekly weather net on the K9ONA repeater system. Storm and severe weather monitoring and reporting has long been part of Amateur Radio's public service activities. Anyone interested in working with Paul regarding his proposal for a weather net, please contact him at pmielnicki@comcast.net.

ARCI PLANNING OUTDOOR SWAP MEET APRIL 25

The Antique Radio Club of Illinois has tentatively scheduled an outdoor only swap meet for Sunday, April 25 from 7 to 11 a.m. In the American Legion parking lot, 570 South Gary Ave., Carol Stream. Selling is limited to ARCI members only, but any and all buyers are welcome, no charge. Their meets are a great source of vintage radios, including ham gear, and vacuum tubes and other components. The meet is subject to cancellation depending on the virus situation, so check their web site for up to date info, www.antique-radios.org.

CHECK IN WITH THE GRUMPIES MORNINGS ON THE SMCC REPEATER

If you are at home during the morning weekdays, don't forget to check in with the Grumpy Net which meets on our repeater system between 8:45 – 9:45 a.m. Monday through Friday. It is a good old fashioned rag chew net -- Jim, N9TUQ is the coordinator.

FCC TO REQUIRE EMAIL ADDRESSES ON APPLICATIONS STARTING JUNE 29

The FCC is fully transitioning to electronic correspondence, and will no longer print or provide licensees with hard copies via mail. A Report and Order was adopted on September 16, and the new rules will go into effect on June 29, 2021, six months after publication in the Federal Register.

Under Section 97.21 of the new rules, a current Amateur licensee must apply electronically for modifications such as correct mailing and email

address, licensee name, club name, license trustee name, or license custodian name.

FCC REDUCES PROPOSED HAM APPLICATION FEE

The FCC has agreed with ARRL and other commenters that its proposed \$50 Amateur Radio application fee was “too high to account for the minimal staff involvement in these applications.” In a Report and Order released December 29, the agency scaled back the fee to \$35 for a new license application, Special Temporary Authority request, rule waiver request, license renewal application, or vanity call sign application. There will be NO fee for administrative updates, such as a change of mailing or email address.

Several of our Six Meter Club members, along with many other fellow hams as well as the ARRL, had filed comments in opposition to the proposed fee schedule, which was part of MD Docket 20-270, adopted to implement portions of the 2018 “Ray Baum Act.”

**SMCC OFFICER ELECTIONS
POSTPONED UNTIL MAY**

Since we have been unable to hold in-person
meetings due to the CoVid situation, we have been
holding monthly on the air meetings at our usual
second Friday of the month 7:30 time slot.

Our present officers have all been renominated and
are willing to continue serving the Club, however, we
have not had a quorum of members check in to our on
the air meetings in the past several months.

We strongly encourage every member who can
check into our on the air meetings to do so; we value
your input and participation in the Club! Thanks for
your continued support, and stay well!

THE SIX METER CLUB OF CHICAGO, INC.

“We desire to promote the Interest of Amateur Radio, foster activity in the HF, VHF, and UHF bands, acquire proficiency in CW operation, provide mutual aid in matters technical. . .”

CLUB WEB SITE: www.k9ona.com
WEBMASTER.....Jim, W9JGH

The *HALO* is the official publication of the Six Meter Club of Chicago, a not-for-profit ARRL-affiliated Special Service Club incorporated in the State of Illinois and maintained by and for Radio Amateurs.

MEETINGS: Held at 7:30 p.m. on the second Friday of each month (except December) at St. John’s Lutheran Church, southwest corner of 47th Street and Brainard Avenue, La Grange IL; enter through south side door adjacent to parking lot.

NETS: Six Meter Activity and Ragchew Net, Tuesday evenings at 8 p.m. Central Time, 50.130 MHz USB
Two Meter FM Information Net, Tuesday evenings at 9 p.m. Central time over our K9ONA repeater system, 146.37/97
ARRL Bulletins, Club news, swap shop, other items of interest to the Amateur Radio community.
Digital SSTV (Slow Scan Amateur TV) Net, Thursday evenings at 7 p.m. on our two meter repeater, using EasyPal software.

REPEATERS: The Club operates three open repeaters under the call K9ONA/R. Our Two Meter repeater, located in Hinsdale, uses 146.370 MHz input, 146.970 MHz output, with a three minute timer that must be reset with a short pause after the courtesy tone between transmissions. A 107.2 Hz subaudible (PL) tone is usually required for access. Our 220 repeater, also located in Hinsdale, uses 223.22 MHz in, 224.82 MHz out and requires a CTCSS tone of 110.9 Hz. Our UHF repeater, located in Hinsdale as well, uses 448.300 MHz input, 443.300 MHz output, a four minute timer, and is also “PL” access, requiring a 114.8 Hz tone. The two meter and UHF repeaters also transmit the subaudible CTCSS tone. The repeaters are usually set in cross-link mode.

AFFILIATIONS: The Club is a Life Member Club supporting AMSAT, the non-profit Radio Amateur Satellite Corporation. We have been named an ARRL-affiliated Special Service Club, and belong to the Illinois Repeater Association.

CERTIFICATES: Available for working ten Club members (five if applicant is more than 100 miles from Chicago) on either 50, 144, or 222 MHz. Stations worked must be valid Club members at time of your QSO; repeater contacts do not count. Send log data list with time, date, and band/mode to our Secretary. There is no charge for the award.

SCHOLARSHIP: The Club has endowed a perpetual scholarship administered by the ARRL Foundation. It is awarded annually subject to specific criteria listed on the ARRL Foundation's web site, www.arrlf.org, or available from the foundation. Applications are due by December 31 of each calendar year.

FACEBOOK AND YAHOO GROUP: The Club’s Facebook page is available at: www.facebook.com/groups/287932964607477/.
The Yahoo Group can be accessed at: <http://groups.yahoo.com/group/K9ONA>.

HAMFEST: Our Six Meter Club of Chicago HAMFEST is held annually on the third Sunday in June at the DuPage County Fairgrounds in Wheaton , Illinois. *All Club members are expected to work to insure its success.* Due to the pandemic crisis, the Fairgrounds has been used as a vaccination site and no events are being scheduled until late August, but they have reserved our usual Fathers' Day date for us in 2022!
